By Hal Cooper

LONDON (AP) — Fire raced through a British ship laying cable 500 miles off in the Atlantic early today, forcing 98 persons to take to the lifeboats.

The survivors—86 crew and 12 supervisors of the cable-laying job—were picked up by the 5,328-ton German freighter Flavia, bound for Hamburg.

The cable ship, the 4,534-ton Ocean Layer, was bound for France, stringing cable along the ocean bed, when a fierce blaze broke out in the engine room.

Within 15 minutes of an SOS reporting the fire and asking for help, Capt. A. MacPherson Ross radioed that he had been forced to order abandonment ship.

In the scramble to get away from the flame-swept hull, two men were left aboard and for a while were believed to be lost. Spotted by lookouts aboard the Flavia, they were taken off in a small boat.

There was no word that anyone had been injured. The sea was calm.

Hours after the rescue the Ocean Layer was still burning. A spokesman for the Ocean Layer's owners said radio messages from Capt. Ross had given no clue to the cause of the fire.

The Ocean Layer, the world's second largest cable ship, was helping to lay a new Atlantic cable from Newfoundland to France.

The Ocean Layer is a former German cargo ship taken as a prize by the British at the end of World War II. It was converted into a cable ship at a cost of about \$2,600,000.

The Ocean Layer, owned by Submarine Cables Ltd. of London, left the Irish port of Cork to work on the laying of a second Atlantic cable between the United States and France. The vessel was formerly a cargo ship launched in 1948.

Private Schools Feel Money Squeeze

LITTLE ROCK (AP)—A financial squeeze is being felt by two private, white schools set up here in the wake of integration strife, officials of the institutions have indicated.

The board of trustees of Baptist High School scheduled a meeting for tomorrow "to give serious consideration to the question of operating next year."

Dr. T. J. Raney, president of Raney High School, said his school will have to charge tuition next year. Raney, operated by the Little Rock Private School Corp., had about 750 students this year who studied for free.

The schools were established after Gov. Orval E. Faubus closed the four public high schools last fall to block integration.

Baptist has felt a financial pinch for some time and recently received a \$50,000 gift from the private school corporation to pay for classroom furnishings and equipment.

GENEVA (AP) — The United States, Britain and the Soviet Union agreed today to a three-power scientific study of the problem of detecting high altitude nuclear explosions.

A communique issued after a 50-minute meeting of the nuclear test suspension conference said American, British and Soviet scientists will meet in Geneva June 22 to go into this problem and report back to the conference by June 29.

High altitude blasts represent one of the major unresolved problems in establishing an effective control system to police a ban on atomic and hydrogen weapon explosions. The other major problem was to do with underground blasts.

132 Cases of Race Violence in a Year

ATLANTA (AP)—A report by three agencies lists an average of 132 cases of racial violence, rioting and intimidation per year in the South since the U. S. Supreme Court's school integration decisions.

The report, covering from Jan. 1, 1955 to Jan. 1, 1956, cited 530 killings, beatings, bombings and mob action as indications of widespread erosion of individual liberties. An introduction said the incidents listed were taken from newspapers and other reports, however reliable, were not used.

The compilation was published by the American Friends Service Committee, High Point, N. C., the Department of Racial and Cultural Relations of the National Council of Churches of Christ, New York, and the Southern Region Council. The latter group, which has headquarters in Atlanta, is a bi-racial organization working toward better race relations.

Southern political leaders have declared their opposition to lawlessness, the report said. But the document suggested that legislative and executive policies of evading and defying federal court rulings were responsible.

Resistance rousers race spread across the South, the report said, typified by the White Citizens Councils born in 1944 in Mississippi. By 1956 they had an estimated 300,000 members, the document added, and the groups' characteristic tactics have been economic pressure, lobbying and propaganda.

According to the report "other groups, such as a revived but disjointed Ku Klux Klan and some extremist offshoots of the Citizens Councils, have adopted and participated in pruder methods of intimidation."

Crucial Meet of Ministers Is in Progress

By JOHN M. HIGHTOWER

GENEVA (AP) — The West warned the Soviet Union today, with the Big Four conference ending its sixth week, that the time has come for decisive action on the crucial issue of Berlin.

Some Western diplomats said the conference will end this week unless the Soviet Union does some retreating.

British Foreign Secretary Selwyn Lloyd, returning here from Western consultations in London, declared the Geneva negotiations cannot go on indefinitely. He expressed some hope that an understanding on Berlin might yet be reached, but left no doubt that in his view the talks here have reached the point of action.

U. S. Secretary of State Christian A. Herter conferred with French Foreign Minister Maurice Couve de Murville in midday and they arranged to meet Lloyd in a strategy session aimed at maintaining the Western goal front in dealing with Soviet Foreign Minister Andrei Gromyko.

U. S. officials said that if Gromyko came up with no new ideas today, the Western powers would expect the talks to go on for probably two more meetings.

Western diplomats still talked of some compromise which would lift the immediate Soviet threat to West Berlin and shelve the Gromyko's proposed new one-year time limit on the Western occupation.

Diplomatic sources in Moscow said they believed Premier Nikita Khrushchev and the Soviet Communist party Presidium were drafting new instructions for Gromyko. One diplomatic source predicted that the Geneva conference would end in an agreement preserving the Berlin "status quo with face savers on both sides."

The Western foreign ministers apparently vary in their determination to break off negotiations if Gromyko does not modify his position. Foreign Secretary Selwyn Lloyd of Britain was reported to be far more interested in continuing negotiations than are U. S. Secretary of State Christian A. Herter and French Foreign Minister Maurice Couve de Murville.

Opening the sixth week of the conference, the Big Four were to meet in secret session at Couve de Murville's villa this afternoon.

At the last meeting, Friday, Gromyko said his one-year deadline proposal was not an ultimatum. But he called for agreement on a summit conference even if there is no accord on Berlin.

The possibility of a compromise seemed to depend on whether the Soviet government would shelve its threat to hand over control of the Berlin supply lines to East Germany while prolonged negotiations over Germany and related European issues take place.

The Western powers in return could be expected to agree to trim the size of their 10,000-man garrison in West Berlin, to curtail propaganda and spy activities from there against the Communist bloc, and to agree to a ban on nuclear weapons in Berlin.

New Board to Meet Tonight at Little Rock

LITTLE ROCK (AP) — Back at full strength with three new members, the Little Rock School Board meets tonight to take up together contracts and other matters.

The contract issue resulted in the board's new faces.

Three former members, Ed L. McKinley, Ben D. Rowland and Robert W. Laster, approved all but 44 of the contracts in a May 5 meeting. Their attempt to drop the 44 employees led to their recall by voters in an election May 25.

Everett Tucker Jr., Russell Matson Jr. and Ted Lamm — moderate members retained in the election — boycotted all action taken by the ousted trio. So they and the new members must decide the status of the contracts, and that of School Superintendent Terrell J. Powell. Powell was demoted by the ousted members to his old job as principal of the closed Hall High School.

The new board members are J. H. Cotrell Jr., B. Frank Mackey and L. Hubbard.

Rail Union Asks Increase in Wages

CLEVELAND, Ohio (AP)—The 90,000-member Brotherhood of Locomotive Firemen and Engineers today asked the nation's railroads for a 14 per cent wage increase.

H. E. Gilbert, international president, said the brotherhood's general committee served the wage notices on individual railroads. The union also seeks a revised escalator clause and improvement in daily earnings guarantees for all road service engineers and firemen.

Gilbert said the productivity of rail workers, coupled with technological improvements in the industry, entitles the workers to a fair share of what he termed "mounting and significant profit figures in the industry."

The Brotherhood of Locomotive Engineers, representing 50,000 members, asked in February for a 12 per cent pay increase. The union coupled its wage demands at that time with the Order of Railway Conductors and Brakemen, and the Switchmen's Order of North America.

The B.L.E. wants daily earnings to be \$26 minimum for engineers in road service, and \$23 for firemen in road service.

Basic daily minimums now are \$20.49 for engineers and \$18.54 for firemen in passenger service. For some freight service, rates are \$21.33 for engineers and \$18.34 for firemen. The requested pay rates would apply to all road service engineers and firemen.

Richard Buchanan, 30, Negro, was stabbed to death in a street fight. Deputy Sheriff Pink Booher said Reams also cut the victim's brother, Willie Buchanan, on the back. Willie was treated at a hospital.

RUSSIA ON WHEELS---(3) The Railroad Boom

Soviet Russia today is pushing railroads across its vast area at a rate reminiscent of that in the United States during the last century. "Russia," writes Railway Age editor Robert G. Lewis, "is pacing its great industrial boom with an all-out expansion program. . . I watched freight trains go by in an incessant parade, one almost right behind the other, 24 hours a day." Pictures above and others in this series were taken by Lewis on a rail tour of the Soviet Union.

Terminal in Odessa, left, is an example of the palatial design of many stations. It was built in 1951 by volunteer labor. Diesel locomotive, center, varies little from American design, except for height above wheels. Since oil is plentiful, many coal-burning units have been converted, as in small engine at right. Note oil tank behind the cab.

Bulletin

WASHINGTON (AP) — The Federal Reserve Board said today that industrial output advanced again in May to a new all time high 4 per cent above the pre-recession peak of early 1957.

The board said its index of industrial production rose two points to 152 per cent of the 1947-49 average.

The April index figure was revised upward from 149 to 150. "Expansion in industrial activity continued in May, employment increased further and the decrease in unemployment was again considerably larger than seasonal," the board said. "Consumer incomes and buying attained new highs and business plans for plant and equipment outlays in 1959 were revised upward."

The index, which measures output of the nation's mines and factories, has advanced from a recession low of 128 in April 1958. Its high point before the recession was 148 in February 1956.

The board said activity in industries making durable goods moved to a new high in May. Durables were hardest hit during the recession and made the slowest recovery.

Commerce Group Meets June 14

LITTLE ROCK (AP)—The Arkansas Commerce Commission today set July 14 as hearing date to consider applications of Arkansas railroads for a general freight rate increase.

The state's 15 railroads have asked for a boost averaging about 2.3 per cent. They said this would bring intrastate rates in line with interstate rates. The Interstate Commerce Commission granted an increase last fall.

All Teams in Southern to Start Anew

By THE ASSOCIATED PRESS

Everybody gets a new start tonight in the second half of the Southern Assn. split season, but the Barons and Nashville will battle it out, again as they did in the first segment that ended yesterday.

A sizzling stretch drive provided the momentum that carried Birmingham to the first-half title. They won 12 of their last 15 games and polished off Chattanooga 3-4 in 11 innings in the windup yesterday.

They didn't need the victory, however. Atlanta had already blasted Nashville's last faint hope by topping the Vols 4-2, the Vols needed a fourth straight victory over tallent Atlanta and a Baron, loss in order to win it.

Shreveport divided a doubleheader with Mobile, and the split assured Shreveport possession of fifth place in first-half standings. The sports rose from the cellar to fifth by winning 17 of their last 20 games. Shreveport dropped the nightcap to Mobile 5-2 after winning the opener 3-1. New Orleans squandered a 3-0 lead in the first game with Memphis, then rallied for a 4-3 decision. The Pels made it a sweep with two five-run in-

nings and a 10-7 verdict in the nightcap.

Rock Fall Blocks Missouri Pacific

HARRISON, Ark. (AP)—Traffic was moving normally today through a railroad tunnel near here, which was blocked temporarily Friday by a rock fall.

Missouri-Pacific Railroad officials said the collapse was not as bad as thought originally. First reports Friday said 125 tons of rock had fallen from the roof of the mile-long tunnel.

Railroad officials said a 20-man section crew working nearby was moved in to clear the tunnel and traffic was restored over the weekend.

The only animal that is purple in color is the blesbok, a small South African antelope.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all — results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" "The secret is a new healing substance (Bio-Dyne) — discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H. At your druggist. Money back guarantee."

Six Held in Attack on an Officer

FORT SMITH, Ark. (AP)—Six Negroes were held in jail today in connection with an attack on Police Sgt. Vernon Curtis, 45. The Negroes are charged with assault with intent to kill a police officer.

Curtis was pummeled to the ground by a group of Negroes near a tavern Saturday when he attempted to break up a fight between a Negro man and woman. He said he drew his pistol and fired warning shots which subdued the attackers.

As waistlines return to normal and clothes conform to the curves of the body, design interest centers on the manipulation of fabric and interesting trim. These designs by Dorothy O'Hara of California show both: Crisp black linen sheath (left) has white linen top with collar and trim of checked black and white linen. Pale pink linen (center) has wide collar ending in soft fringe tie. Big, fabric-covered buttons march down the front of this sheath. Dress of cocoa linen (right) has frosty white at the neckline and checked trim outlining the bodice and center front. These are the kind of clothes indispensable for summer living that requires a sleek, trim look. They are both elegant and flattering.

Jury Convicts Four of Rape in Florida

By HENDRIX CHANDLER

TALAHASSEE, Fla., (P)—The jury which convicted four white youths for the mass rape of a Negro eved decided against the death penalty because there was no evidence of brutality, the jury foreman said Sunday night.

A. J. King, a Tallahassee plant, alion owner, described how the verdict was reached in an atmosphere of calm returned to Florida's capital city after weeks of tension.

King said that "on the basis of the testimony before us there was evidence of threats with a gun and knife but no brutality was involved."

The foreman said the case was decided on "the law and the evidence" without "any consideration of race."

"We would have returned the same verdicts if the defendants had been four Negroes," King said.

Four Negroes are awaiting execution in the state prison for raping white women.

One Negro pastor said refusal of the all-white male jury to send the four to the electric chair would give Negroes charged with rape a double standard talking point at their trials.

Dr. A. Joseph Reddick, pastor of the Bethel Ame church and a former state president of the National Assn. for Advancement of Colored People, said it was his opinion the decision against a death penalty resulted from "ungrained prejudice by a white jury."

Reddick said the verdict represented some slight gain for Negroes, but not enough.

The four defendants appeared stunned by the verdict. They were whisked off to Raiford State Prison on after the jury reported at 12:35 a.m. Sunday.

Tallahassee Negro ministers made references to the trial in their services. The Rev. David Brooks said prayers were offered for the coed and the four youths. "We asked that God would lead them (the youths) to repent," he said.

It was quiet on the all-Negro Florida A&M University campus where the victim was a freshman. Fervent demonstrations were staged by students there last month.

The four youths will remain at Raiford until their sentencing which is expected to take place in about 30 days. Motions for new trials must be disposed of and if they are disallowed Circuit Judge W. May Walker is expected to order pre-sentence investigations of the four.

Walker gave no hint of the penalties he will impose. Under Florida law he can go as high as life imprisonment or he could let them off with probation. State prisoners become eligible for consideration for parole after serving six months, but lifers convicted of rape habitually serve at least 10 years.

David Ervin Beagles, 18, a stocky sandy-haired high school senior, was the only defendant to register any emotion. Tears welled up in his eyes as he was led from the courtroom.

The others convicted are: William (Ted) Collinsworth, 23, an illiterate telephone linesman and father of two children; Patrick (Gene) Scarborough, 20, an Air Force man who is married but separated from his wife; and Willie Stoutamire, a skinny pale-faced 18-year-old who was described by a state witness as being mentally retarded.

The jury returned with its verdict after 2 hours and 45 minutes deliberation.

Girl Can't Lose Anything By Asking Boy for a Date

Dear Dorothy Dix:

A 20-year-old girl should be able to answer this problem for herself but I'm torn between my love of al fresco dining and the "better judgment" I'm supposed to have. In the past few months I've done some extra work for an organization in town and have received an invitation to their annual picnic prom as a return favor. I would love to go but I don't have an escort I'd like to ask a fellow who is a fairly good friend of mine but my friends say I shouldn't. They argue that he might get the idea I am chasing him and mother thinks that by asking him I would give the impression that I'm hard up for a date. Not long ago I broke up with the boy I had gone steady with for over a year and set out to forget him by occupying myself with every possible activity, including this extra work. Would it be so wrong to ask this fellow if he would care to go?—L.M.

Dear L.M.: By all means, take a chance and invite the boy. No boy could be offended by a gracious invitation, and I urge any girl in a similar position to ask a boy. Don't press him, just ask if he refuses, accept the turn-down with a smile; never let him see you fearful, hurt or insulted. If he accepts, don't get drunk with your own success and immediately overwhelm him with similar invites. Let him make the second move. I hope you will ask your friend, that he accepts and that you have a gorgeous time.

Dear Dorothy Dix:

I commute to the city from a small, rural town. Five of us go together, four sharing a double seat and one sitting alone. The other day a very popular girl came into the train and asked me to give up my seat so she could sit with her friends (they are my friends, too). I don't think this was right. It's obvious I'm not wanted.—Kathy

Dear Kathy: You haven't negatively as much to complain about as the poor girl who was delegated to sit alone. Didn't it occur to you how miserable she must

Woods Seem to Be Full of Yankee Killers

By JACK HAND
Associated Press Sports Writer

The woods are full of Yankee killers these days. Men like Tito Francona, Gene Woodling, Frank Lary, Don Mossi. But the greatest of them all is Charley Maxwell.

They call Babe Ruth "the man who built Yankee Stadium." Well, Maxwell could be the man who tore it down.

Maxwell has hit 14 home runs this year. Seven of them were against the Yankees. Against the rest of the league he is hitting .200. Against New York he is batting .390. Putting them together you have a man batting .250 with 45 hits and 42 runs batted in, 18 of them against New York.

"We keep this man working," means Casey Stengel.

Maxwell did it again Sunday. Whitey Ford was rolling along with a four-hit shutout. He had a 2-0 lead with two out in the eighth. Two singles then boom. Maxwell hit a tape measure drive into the first row of the third deck in right field. That did it. 3-2. Just to rub it in, the winner was Frank Lary who had just left the game for a pinch hitter.

It was Maxwell's ground rule double that drove in the first run of the second game when the Detroit Tigers knocked out Duke Maas in a four-run first inning. They went in to sweep the doubleheader, 8-2, moving into third place.

Chicago clung to the American league lead by a half game. The White Sox came from behind twice to top Baltimore 9-6 and 5-2 in 10 innings, dropping the Orioles into fourth place. Cleveland kept right on Chicago's heels by beating Washington twice 9-5 and 12-8 with Minnie Minoso driving in nine runs. Boston's Jerry Casale held Kansas City to five singles for a 6-1 victory. Their second game was called off because of rain and cold.

Although Chicago's Dick Drott, just back from the disabled list, shut out Milwaukee 6-0. The Braves picked up a half game on the second-place San Francisco Giants who dropped a pair to Philadelphia 6-3 and 6-3, in the National League.

Pittsburgh's Elroy Face won his 10th straight while the Pirates were downing Los Angeles twice 6-3 and 5-2. St. Louis and Cincinnati split the Cards grabbing the opener, 3-2, but bowing in the second game, 2-2.

A crowd of 50,183 saw the surging Tigers demolish the Yanks in New York. With Larry and Paul Foytack winning, Detroit finished the day only two games behind Chicago and charging fast.

Early Wynn was credited with his 258th victory in the White Sox.

Sword Dancer Wins Belmont

By JOHN CHANDLER
Associated Press Sports Writer
NEW YORK (AP) — Grilly, the Sword Dancer, who won a thrill-packed \$145,500 Belmont Stakes that left jockey Eddie Arcaro in a hospital and his mount dead, is going to have a vacation.

"Before the race we decided to rest him up some hell or high water," said Elliott Burch, the young trainer for the Brikmade Stable of Isabel Dodge Sloane of Virginia and New York.

A double header is scheduled for tonight at Legion park with the First National Bank taking on the Ozan Lumber Co. of Prescott at 6:30 p. m.

At 8 o'clock the Hope Big League plays Sparkman.

Two Games at Fair Park Tonight

The lone successful champion was Ernie Shelby of Kansas, the Jayhawks captain and, who repeated in the broad jump with a leap of 22 feet, 5 inches. Shelby's win coupled with points in the hop, skip and jump helped bring Kansas its first NCAA team title.

In this meet, it was Charlie Tidwell of Kansas who held a center stage spot. Tidwell lost a championship and won a new one. Ironically, it was Tidwell who lost a record because of too much wind and who saw a record pre-

serve because of too much wind. In the 100-yard dash, Tidwell got a good jump on the field and ran a 9.3 to the world record. But a 10.5 mile per hour wind keeps his name from the record book.

Later Tidwell saw his world record of 22.7 in the 220 yard hurdles saved from erasure by the same on-and-off wind that wiped out his 100 yard effort. He was narrowly beaten by Hayes Jones of Eastern Michigan who ran a brilliant 23.5. A 5.248 mile wind keeps Jones out of the record book.

Jones not only upset champion Tidwell in the 100s, but dethroned champion Elias Gilbert of Winston-Salem in the 1200 high. Gilbert suffered a leg cramp in the race, hit a hurdle and fell. But he was a beaten champion when the accident occurred.

Pirates' Face Has Best Win Record to Date

By JACK HAND
Associated Press Sports Writer

Who is the top winner among major league pitchers?

It is too bad the quiz fans are over on television. A man could run up a fortune with this question.

Maybe you think it is Lew Burdette. Or Warren Spahn. Or Sam Jones. Or "Early" Wynn. Or Hoyt Wilhelm.

The name is Elroy Face of the Pittsburgh Pirates. As of June 15, 1959, he stands at the head of the class with a shiny 10-0 record. In fact, he hasn't lost a game since May 30, 1958. The only other pitcher who can say that is Bobby Feller and he has been retired for years.

Face is a relief pitcher, of course. Danny Murtaugh called for Face Sunday in the first game against Los Angeles. The score was tied at 3-3 in the eighth, and Face came in and shut the door in the face of the Dodgers, striking out four while the Pirates pulled it out 6-3.

They also won the second game, 5-2. Vern Law, beating Carl Erskine on a pair of home runs by Dick Stuart.

When Milwaukee was shut out 6-0 by Chicago's Dick Drott, just off the disabled list, the San Francisco Giants missed a chance to take over the National League lead. Instead, they dropped 1 1/2 games behind the Braves by losing at Philadelphia 7-5 and 6-3. Gene Peese's hitting carried the day for the last place Phils with a three run homer in the first and three RBI's in the second.

St. Louis won its sixth in seven starts 8-4 on Gino Cimoli's single with the bases loaded in the ninth inning of the opener but Cincinnati came back to get a split, 3-2. Jim Blevins, traded to the Reds by the Cardinals six days earlier, beat his old mates.

In the American League, Chicago maintained its half-game lead on Cleveland with Detroit charging into third place ahead of Baltimore. The White Sox won two from the Orioles 8-6 and 3-2 in 10 innings and Cleveland swept a pair from Washington, 9-5 and 12-8. Eleven home runs were hit in that doubleheader, seven by the losers including three by Jim Lemon.

Charley Maxwell led the Tigers to 3-2 and 8-2 victories over the Yankees and Boston's Jerry Casale held Kansas City to five singles in a 6-1 victory. The second game at Boston was rained out.

Pittsburgh hung a defeat on Los Angeles relief man Clem Labine in the opener, breaking through for three runs in the eighth. Stuart's two-run homer in the first started the veteran-Erskine on the way to an early shower in the finale.

Giant errors by Ed Bressoud in the first game and Daryl Spencer in the second, plus P Reese's slugging helped Humberto Robinson and Robin Roberts win for the Phils. Robert struck out 10 men. Drott, a 15-game winning rookie in 1957, showed his old form for the Cubs while scattering seven Milwaukee hits. He had pitched only 10 3-3 innings before Sunday.

Roy McMillan broke a finger and was lost indefinitely to the Reds in the opener at St. Louis, won by Lindy McDaniel in relief.

So, 18; Mantle, New York, 14. Pitching (based on 5 or more decisions) — Wilhelm, Baltimore, 9-0; Larsen, New York, 6-1. Strikeouts — Score, Cleveland 84; Wynn, Chicago, 83.

National League
Batting (based on 150 or more at bats) — Aaron, Milwaukee, .408; Burgess, Pittsburgh, .347.

Runs — Matthews, Milwaukee, 53; Pinson, Cincinnati, 51. Runs batted in — Banks, Chicago, 63; Robinson, Cincinnati, 55. Hits — Aaron, Milwaukee, 98; Pinson, Cincinnati and Cepeda, San Francisco, 80.

Doubles — Aaron, Milwaukee and Cimoli, St. Louis, 24. Triples — Dark, Chicago and Pinson, Cincinnati, 6. Home runs — Matthews, Milwaukee, 22; Banks, Chicago, 17. Stolen bases — Neal, Los Angeles, 12; Blasingame, St. Louis, 11.

Pitching (based on 5 or more decisions) — Face, Pittsburgh, 10-0; Elston, Chicago 4-1. Strikeouts — Drysdale, Los Angeles 91; S. Jones, San Francisco, 74.

B. & P. W. Club Has Supper Meeting

Twenty-two members of the Business and Professional Women's Club enjoyed a potluck supper and regular meeting last Monday evening at the home of Mrs. Ruby Buchanan, with Mrs. Blanche DeLozier and Mrs. Thera Greer as assistant hostesses. Mrs. Vernice Hubbard gave the invocation before the guests were invited into the dining room where a bountiful supper was spread. A lovely arrangement of huge red dahlias and gardenias adorned the table.

Mrs. Robbie Wilson presided over the business session which followed during which plans were discussed for the banquet on June 19th honoring Mrs. Mattie Young.

Duncan McRae Rotary Club Speaker

The regular luncheon meeting of the Rotary Club was held at the Lee Hotel Tuesday. Three guests and thirty-four members were present. J. H. Robertson gave the invocation.

D. L. McRae, Jr., had charge of the program and conducted a quiz on general information about members of the club and past history of Prescott and Nevada County. Some argument developed over the number of members born in Prescott and members born in other states. Bill Oates was born in one of the Carolinas, the longest distance from Prescott. Questions on paper were passed to the group for answers on when Nevada County was formed, City of Prescott incorporated, Ozan Lumber Co., and the Prescott Hardware began business in Prescott, the Methodist, Presbyterian and Baptist Churches were erected. Additional questions were asked on the sheet. A high score was made by a large number of the group but none made a perfect paper. The program was informative and entertaining.

Chiff Bridges, Hope, and John E. Taylor, Shreveport, La., were visiting Rotarians. Pat Fore, Hattiesburg, Miss., was a guest of his father, J. Vernon Fore.

Cautions Against Cut of Foreign Aid

WASHINGTON (AP) — he House was cautioned today against cutting foreign aid spending too sharply despite instances of waste and some corruption in the program.

"I am sure that much more needs to be done to eliminate waste and improve the effectiveness of the program," Rep. Thomas E. Morgan (D-Pa.) said in a speech prepared for the opening of debate.

But he added at another point: "I am absolutely convinced that if we eliminate or drastically curtail the mutual security program, the loss of the cold war will be inevitable."

Morgan is chairman of the House Foreign Affairs Committee, which recommended authorizing \$3,642,000,000 of new money for the aid program next year.

Said many House members, this is far too much for a program they contend is producing more enemies than friends and is getting no results. To others, it is too little for an undertaking they insist has effectively curbed the spread of communism and has shored up the defenses of the free world.

President Eisenhower asked for \$265,800,000 more than the committee recommended, but the House is in no mood to increase the committee figures and might even cut them further.

Journey To Love

By VIRGINIA NIELSON
(C) 1959 by Virginia Nielson Distributed by NEA Service, Inc.

Alex had Lellani in his arms, but he was like a white-faced robot, stiff and unrelaxed, still razed with shock, still whispering.

"An automobile accident, they said, I'm to call back and tell them what to do. Someone ran into her on the Pull road."

The Pull! Kathie remembered the stunning surprise of that sheer drop into downward Oahu and the twisting narrow road down the face of the cliff.

"Who was driving her?" Lellani said in a stunned way. "They said she was alone. Driving a rented car. I don't understand it."

All at once, Kathie was thinking of the taxi that had deliberately rammed hers in Honolulu. "But it wasn't an accident!" she suddenly cried out, in her horror.

She was sure that even that Bea had one to Honolulu so unexpectedly because of what she had learned from Kathie about her old deed. And she could not forget her strange impression of Bea that day in her room when she had been so excited about what Kathie had told her — a dangerous, purposeful woman, Kathie had thought. Had someone else thought so, too?

Her voice rose shrilly. "It was because she knew something! That's why she went to Honolulu. I know it. She knew something she didn't tell me."

Sam took her by the shoulders. "Stop it," he said sharply. "Think of Lellani!"

Lellani was crying. "What are you talking about? If you know why Mother went back to Honolulu, why haven't you told us?"

They were all staring at her, waiting for her answer. Kathie felt suddenly frightened. She stammered, "I don't really know. But I think it must have been because of what I told her — about Uncle Joe's old deed. She seemed so excited —"
